

SHIMNA INTEGRATED COLLEGE

DAISY GRADUATES FROM CAMBRIDGE AND SHANNON IS STUDENT OF THE YEAR AT CAFRE.

Just Some of our 2017 Graduates

July is always a wonderful month for catching up with just some of our OldScholars' news. Not only have we been hearing about successful graduations, but hearing about continuing and developing careers. We are very proud to welcome back to Northern Ireland some of our medical graduates. Dr Laura Scott has been working in Belfast City Hospital since her graduation. Now Dr Orla O'Connor is leaving her post in the

Queen Elizabeth Hospital, Gateshead, and spending some time travelling before returning to practise in Northern Ireland. Newly graduated dentist Stuart Hanna has already obtained his first post in Banbridge. It isn't just humans benefitting from our medical OldScholars, because Daisy Dillon, just graduated from Cambridge University as a vet is very happily working in Down Veterinary Clinic.

We are very proud that our students will be injecting Integration back into our local community.

This year's crop of first class honours includes Daniel Allen in Chemistry, also was awarded a scholarship from the Royal Society of Chemistry for his PGCE. Lucy Rice graduates with first class honours in Sociology and Special Educational Needs, and Emma McAllister in environmental science.

LUCY, 1ST CLASS HONOURS
